

EVALUATION CRITERIA	RATING (Use drop down boxes)	Comments/Instructions
Project Name: Recreation Management System for Parks http://www.miamidade.gov/itgovernance/library/business_cases_2005/Business_Case_Section_A_Parks_Recreation_System.pdf		
Department Name: Parks		
Project Amount: \$442,850		

EVALUATION CRITERIA	RATING (Use drop down boxes)	Comments/Instructions
A. BUSINESS IMPACT		
1. How closely are the project's objectives aligned with County's strategic plan?	5	5= Strong Alignment, 1=No Alignment
2. Is the project an enterprise solution that will be used by more than one agency?	NO	Yes or No
3. To what extent will the project improve internal workflow and productivity and enhance customer service? See tab below for examples on how to rate.	5	5=Major Impact, 1=Minimal Impact
4. How well have projected benefits been identified and quantified? See tab below for examples on how to rate.	5	5=Benefits clearly identified/quantified, 1=Benefits not identified
B. ARCHITECTURAL FIT		
5. To what extent will the project serve to improve the County's underlying technical infrastructure?	3	5=Major Infrastructure Improvement, 1=No Improvement
C. OTHER		
6. Is the project a mandate (i.e., required by legislation or regulation)?	NO	Yes or No
7. Is this project the agency's first or only priority?	YES	Yes or No
8. Is the proposed project the subsequent phase of a project that is currently in progress or has recently been completed?	YES	Yes or No
9. Does the project introduce a new technology that will or can be evaluated for potential use elsewhere in Miami-Dade County (a pilot or "frontier" project)? See tab below for examples on how to rate.	NO	Yes or No

Additional Comments (Optional):
The benefits of this project highly point to funding it. It is also a candidate for grant funding. The benefits this will have to citizens as they try to schedule park resources is highly significant to the overall strategic plan of the County as well as placing the Department in a position to leverage improvements from the bond program.
